# SAFEGUARD NEW JERSEY'S FUTURE!

New Jersey's worst-in-the-nation **pension crisis will cost every resident \$26,000**. Commonsense reforms would prevent us from having to foot an even bigger bill.

## END "DOUBLE-DIPPING"

Too many government employees are collecting a salary and a pension at the same time. **By ending "double-dipping," New Jersey could save millions.**

## CUT WASTEFUL SPENDING

New Jersey already spends and taxes too much. Instead of raising taxes to fund our pension system, **we should cut wasteful government spending.**
