Mining helped Wisconsin grow to what it is today.

Sen. Pat Testin is returning the favor.

Thank Pat Testin at (608) 266-3123. Tell him to keep protecting the environment and standing up for mining jobs.
Sen. Pat Testin fought to strengthen environmental protections in Senate Bill 395, the Mining for America Act.

Thanks to him, the bill will:

- Bring good-paying, family-supporting jobs to Central Wisconsin
- Generate more revenue for our schools and communities
- Maintain robust environmental protections

“Environmentally and scientifically sound”
- Wisconsin Wildlife Federation

Thank Pat Testin at (608) 266-3123 and tell him to keep protecting the environment and standing up for mining jobs with Senate Bill 395.
