IT'S YOUR CHOICE. CHOOSE WHAT'S BEST FOR YOU.

As a Minnesota teacher, you're doing important work. You are providing our children the foundation for a lifetime of success.

And thanks to a recent court decision, you now have more options on how you choose to secure your future too.

- 🍏 Could you better use the \$1000 of dues that you are currently paying to the union? It's now your choice if staying in the union is best for you.
- 🍏 The US Supreme Court just ruled that you are no longer required to be a member of the union or pay a "fair share fee" just to do the job you love.
- 🍏 Concerned about liability insurance? There are affordable options outside of the union available so you can choose a plan that fits your needs.

**Don't miss your chance to exercise your rights.
Opt-out between September 24-30!**
