

2/22/2019

Dear Lawmaker:

On behalf of thousands of Americans for Prosperity-West Virginia activists, I urge you to **support HB 3137**, Relating to the personal income tax fund, when it is voted on. **This vote may be recorded in our 2019 session legislative scorecard.**

HB 3137, sponsored by Chairman Householder, would establish the personal income tax reduction fund.

- As we have seen with the federal Tax Cuts and Jobs Act, allowing West Virginians to keep more of their hard earned money helps individuals and families invest in themselves and fulfill their potential.
- Creating a fund dedicated to reducing the personal income tax burden will, in the long term, work to create jobs, grow our state's gross domestic product and help all West Virginians prosper.
- History shows us that over-spending is the real driver of government deficits that put our state's financial future in jeopardy—so using designated additional revenue to buy down West Virginians' tax burden, as opposed to having that revenue used to further increase out-of-control state spending, is a positive step toward safeguarding Mountaineers' pocketbooks.

It is for these reasons that I ask you to **vote yes in support of HB 3137**.

Sincerely,

Jason Huffman
State Director
Americans for Prosperity-West Virginia
