Dear Representative:

On behalf of more than 160,000 Americans for Prosperity-Florida activists, I urge you to oppose HB 671, an act relating to Regional Rural Development Grants, when it is voted on tomorrow in the Workforce Development and Tourism Subcommittee. This vote will be recorded in our 2019 session legislative scorecard.

HB 671 allows for up to \$1 million each year to be given out by the state to rural development programs. Instead of handouts involving taxpayer dollars, government should offer pro-market solutions for economic growth such as removing unnecessary regulations and fees.

AFP-FL and our activists believe strongly in fiscal responsibility by the government with tax dollars. It is for this reason that I ask for your opposition of HB 671.

Sincerely,

Skylar Zander  
State Director for Florida  
Americans for Prosperity
