Dear Senator:

On behalf of more than 160,000 Americans for Prosperity-Florida activists, I urge you to support SB 1526, an act relating to Telehealth, when it is voted on tomorrow in the Appropriations Subcommittee on Health and Human Services. This vote will be recorded in our 2019 session legislative scorecard.

SB 1526, sponsored by Senator Harrell, would allow doctors to reach patients across distances and in areas they normally would not be able to cover under traditional medical practices giving greater access to healthcare for all Floridians.

AFP-FL and our activists believe strongly in expanding market-based reforms to allow better medical access. It is for this reason that I ask for your favorable support of SB 1526.

Sincerely,

Skylar Zander  
State Director for Florida  
Americans for Prosperity

Senator Gayle Harrell
