Dear Representative:

On behalf of more than 160,000 Americans for Prosperity-Florida activists, I urge you to support HB 145, an act relating to Vegetable Gardens, when it is voted on tomorrow in the State Affairs Committee. This vote will be recorded in our 2019 session legislative scorecard.

HB 145, sponsored by Representative Fetterhoff, allows for homeowners to exercise their property rights and take control over what they own while limiting arbitrary and difficult to navigate rules set up by local governments over what people do with their land. At the same time, this would allow property owners to cultivate their own source of fresh vegetables encourages and rewards those who wish to improve their health and diet.

AFP-FL and our activists believe strongly in personal property rights. It is for these reasons that I ask for your favorable support of HB 145.

Sincerely,

Skylar Zander  
State Director for Florida  
Americans for Prosperity

Representative Elizabeth Fetterhoff
