

# THE GAS TAX

YOU PAY AT EVERY FILL-UP IS  
SUPPOSED TO BUILD ROADS  
AND BRIDGES...

But Congress wastes nearly 30 cents of every dollar on pet projects like ferry boats, subways – even a squirrel sanctuary (really).

Now they want to **increase the tax by 25 cents a gallon!**

**That's another \$277 out of your family's pocket each year!**

We don't need higher taxes to improve our roads and bridges. We just need Congress to spend smarter. **Text KSGAS to 46262 to tell lawmakers that Kansans can't afford to pay more at the pump.**

AMERICANS FOR  
PROSPERITY  
KANSAS

Hopkins, Nguyen; 2019; What A 25-cent Federal Gas Tax Increase Would Look Like In Each State
