

Sample 1000 US Adults 18+
 Conducted June 16 - 21, 2020

List of Tables

1A. Below are some technologies that have recently been developed. Please indicate whether you think they are generally a good or bad thing for the world. —
 Good or Bad - Technologies – Cell phone cameras 2

1B. Below are some technologies that have recently been developed. Please indicate whether you think they are generally a good or bad thing for the world. —
 Good or Bad - Technologies – Instantaneous live-streaming video to the world, usually with a cell phone camera 6

1C. Below are some technologies that have recently been developed. Please indicate whether you think they are generally a good or bad thing for the world. —
 Good or Bad - Technologies – Connecting many people with pictures and videos quickly through social media 10

1D. Below are some technologies that have recently been developed. Please indicate whether you think they are generally a good or bad thing for the world. —
 Good or Bad - Technologies – Thinking more specifically, using those technologies to record and then share pictures and video of police performing their jobs
 in public 14

2. Disregarding how you feel about the movement or its goals, do you feel technology has helped or hindered the Black Lives Matter movement? 18

3. Do you think the current protests would be happening if online social media like Facebook, Twitter, and Instagram did not exist? 22

4. Do you think the ability to record and then share pictures and video quickly on social media increases or decreases accountability for the police? 27

5. Do you think the ability to record and then share pictures and video quickly on social media increases or decreases the safety of people in your community. 32

6. Do you think the ability for the police to record video through a dashboard or body-worn cameras while on duty increases or decreases the safety of those in your
 community? 37

7. Have you personally shared news or commentary on the protests on social media, whether that is your own or someone else's? 41

8. What is your primary source of information about the protests? 44

9. Is your opinion generally positive or negative on marches that remained peaceful in Minneapolis that were prompted by the sharing of the video depicting the
 death of George Floyd while in police custody? 50

10. Is your opinion generally positive or negative on marches that remained peaceful outside of Minneapolis that were prompted by the sharing of the video depicting
 the death of George Floyd while in police custody? 54

11. Is your opinion generally positive or negative on the violence specifically against police officers during these protests? 58

12. Is your opinion generally positive or negative on property destruction specifically aimed at the property of police departments during these protests? 62

13. During these protests, is your opinion generally positive or negative on property destruction of local stores and shops as a form of protest? 66

14. During these protests, is your opinion generally positive or negative on property destruction of large national chain stores and shops as a form of protest? 70

15. Is your opinion generally positive or negative toward the call for the national guard to be used to quell the protests? 74

16. Do you think the police response to these protests, generally, has used too much force, an appropriate use of force, or has used too little force? 78

1A. Below are some technologies that have recently been developed. Please indicate whether you think they are generally a good or bad thing for the world.
 — Good or Bad - Technologies – Cell phone cameras
