Why did Rep. Matt Gray Vote “YES” To RAISE YOUR TAXES?

Is your patience with big-spending politicians finally running on empty?

Our Taxpayer's Bill of Rights (TABOR) and Prop 117 keeps state spending in check and our economy strong by **allowing voters the opportunity to approve any proposed tax increases or any new, excessive fees.**

But **thanks to Rep. Gray's vote¹ on SB21-260, Coloradans will soon see increases in the cost of gas** along with:

Additional fees on deliveries.

Increased costs for ride-sharing services.

More money needed to fill up your vehicle.
