Re: Freedom of Information Act Request

Dear FOIA Officer:

I write on behalf of Americans for Prosperity Foundation (“AFPF”), a 501(c)(3) nonpartisan organization dedicated to educating and training Americans to be courageous advocates for the ideas, principles, and policies of a free and open society.¹ AFPF is seeking records regarding the Known Employer Pilot program which ran from March 3, 2016 to December 31, 2020. The [Known Employer Pilot web page](#) indicates that DHS initially planned to “to publicly announce the results” once the pilot was complete, but DHS has not released anything about the pilot to date.²

Therefore, pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, AFPF hereby requests all records³ reflecting the results of the Known Employer Pilot including but not limited to memorandums, studies, data sets, and/or e-mails.

The time period for this request is January 1, 2015, to the present.⁴

For the purposes of this request, please omit daily news clippings or other mass mailings unless there is commentary related to them. For all items of this request, if the agency uncovers responsive email records, AFPF’s request specifically seeks the entirety of any email chain, any portion of which contains an individual email message responsive to this request, *i.e.*, the entire email chain is responsive to this request. If the agency identifies responsive records that it deems outside its legal control (*e.g.*, congressional records), AFPF requests the agency inform AFPF that such records exist.

¹ See AMS. FOR PROSPERITY FOUND., www.americansforprosperityfoundation.org (last visited March 9, 2022).

² See <https://www.uscis.gov/archive/known-employer-pilot>.

³ For purposes of this request, the term “record” means any medium of information storage in the form and format maintained by the agency at the time of the request. If any portion of a “record,” so defined, is responsive to AFPF’s request, then the agency should process and disclose the record in its entirety. If the agency considers a medium of information storage to contain multiple records that it believes can be segmented on the basis of the subject-matter or scope of AFPF’s request, AFPF explicitly seeks access to those separate “records” as well. They should not be treated as “non-responsive.”

⁴ For purposes of this request, the term “present” should be construed as the date on which the agency begins its search for responsive records. See *Pub. Citizen v. Dep’t of State*, 276 F.3d 634 (D.C. Cir. 2002).

Request for a Public Interest Fee Waiver

AFPF requests a waiver of any and all applicable fees. The FOIA and applicable regulations provide that the agency shall furnish requested records without or at reduced charge if “disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.”⁵

In this case, the requested records unquestionably shed light on the “operations or activities of the government” as they relate to the performance of a pilot program meant to streamline the immigration process for employers and USCIS. While the pilot program ended on December 31, 2020, USCIS has not followed through on its stated plan to publicly release the results.

AFPF intends to educate the public with the results of this FOIA request. It has the intent and ability to make those results available to a reasonably broad public audience through various media. Its staff has significant experience and relevant expertise; AFPF professionals will analyze responsive records, if any, use their editorial skills to turn raw materials into a distinct work, and share the resulting analysis with the public. AFPF is a non-profit organization as defined under Section 501(c)(3) of the Internal Revenue Code, and it has no commercial interest in making this request.

Request to Be Classified as a Representative of the News Media

In addition to a public interest fee waiver, AFPF requests that it be classified as a “representative of the news media” for fee purposes.⁶ As the D.C. Circuit has explained, the “representative of the news media” test is properly focused on the requestor, not the specific FOIA request at issue.⁷ AFPF satisfies this test because it gathers information of potential interest to a segment of the public, uses its editorial skills to turn raw materials into a distinct work, and distributes that work to an audience. Although not required, AFPF gathers the news it publishes from a variety of sources. It does not merely make raw information available to the public, but distributes distinct work product, including press releases, blog posts, reports, and other informative materials.⁸ These distinct works are distributed to the

public through various online outlets, such as websites, Twitter, and Facebook. The statutory definition of a “representative of the news media” contemplates that organizations such as AFPF, which electronically disseminate information and publications via “alternative media[,] shall be considered to be news-media entities.”⁹

Record Production and Contact Information

To facilitate document review, please provide the responsive documents in electronic form in lieu of a paper production. If a certain portion of responsive records can be produced more readily, AFPF requests that those records be produced first and the remaining records be produced on a rolling basis as circumstances permit. If you have any questions about this request, please contact me at KSchmidt@afphq.org. Thank you for your attention to this matter.
