Sam and Jen—please see below a link to a folder containing the MDM charter package for Exec Sec circulation:

 [Folder icon Disinformation Governance Board Charter](#)

Package includes:

- Draft S1 action memo drafted with Andy and Lucian
- Latest draft of the charter (from Jen's 5:01pm email)
- September 2021 S1 info memo that was the basis for the most recent MDM discussion with S1

Please let me know if you would like to make any edits to the action memo or final edits to the charter text. Once you confirm the package is good to go, I will work with PLCY Exec Sec to distribute clean versions of the files to all of the components listed in the charter.

I can work with Lucian and team to draft an action memo for the package that we will coordinate with OGC.

Agree with Jen on circulating to all Board Members. May be worth convening a meeting next week similar to our first discussion on PRIV/CRCL before the holidays.

(b)(5) I think it is probably prudent.

In the interim, Eric/ Lucian can we take the pen on a short action memo to go on top that we can put on top in an S1 package we would coordinate with OGC?

Really exciting to see this moving forward –

This is great! Thank you guys. Final few edits in the attached. I am fine with us circulating this to components for feedback now unless others here have concerns with my edits. We will have another window for changes after components comment.

I do look forward to our discussion tomorrow, to discuss any remaining questions on the charter and also on another MDM issue I'd like to discuss.

I hope everyone has a great evening. Thanks everyone for the work on this charter. Let's get some momentum going on this.

Rob –

We convened the Disinformation Governance Board Steering Group earlier. On the heels of a conversation with Brandon yesterday, Jen and I assessed that we need to ensure efficient integration of Steering Group/ RCC efforts. We invited the RCC MDM liaison to the meeting.

We also had the preexisting (and ongoing) need to review the latest threat analysis and lines of effort members have underway.

I know you are fully briefed up on the latest intelligence and what the RCC has underway.

What we agreed to for the steering group (to be shared with the RCC's MDM liaison too):

Many thanks, Rob and Sam, this is great. Apart from CISA's Shields Up effort, the MDM workstream is the most advanced at this point across our Ukraine-related activities and shaping up rapidly. That's great to see and something we can highlight during the next Ukraine task force meeting on Tuesday.

Hello,

I wanted to reach out one more time as we are publishing a story today. If DHS has any on record comments for the following, could you please let me know soonest? We are publishing this afternoon, and our story will include the following:

- Congressional staffers described a a briefing on Friday with the disinformation board as broad, and said that few specifics were offered on what the board will do. Does DHS have any response to this?

_Secretary Mayorkas said Sunday that DHS doesn't monitor Americans and this board will not do that. But DHS has broad authority to collect and track data of American citizens. And DHS has already admitted that it is tracking online conspiracy theories and misinformation that might spur domestic terrorism and/or violence, in several documents released over the last year. Additionally, I am curious how the disinformation board would be able to monitor trends around disinformation board without monitoring at least public social media posts, some of which may be shared by US citizens? Can you explain this guarantee?

Thank you very much,

(b)(6)

Hello,

I just wanted to reach out to confirm that DHS will not be granting an **on the record** interview for our article about the Disinformation Governance Board? My deadline is tomorrow at noon.

Thank you very much,

Hi Rob,

We are hoping to get the first Disinformation Governance Board meeting on the calendar for the week of April 18. I've attached a draft agenda (which Jen has reviewed) as well as our Principles document (which has been socialized with Steering Group Members) for your feedback. The Board will formally adopt the Principles doc at the meeting.

There are two other documents referenced in the agenda that I will follow up with early next week: the framework for a PLCY-specific Analytic Exchange, and the Executive Summary of our freshly-completed Capabilities Review.

Once you give me the go ahead, I will work with (b)(6) to find a time that works for our members and get the meeting on the calendar.

Subject: Draft Agenda: DGB Steering Group Meeting 3/11

Hi all,

Here's what I'm thinking for Friday's meeting. Since it's only 30M and I don't want to rush introductions / laying out what to expect for the next few weeks as Andy and I do mapping etc., I think waiting till next week to start individual LOE overviews (as you suggested yesterday, Sam) from group reps makes sense, but happy to adjust any way you all see fit.

(b)(5)

Let me know if you have any guidance/edits, otherwise will circulate a pared down version of this with a reminder about Friday's meeting.
